

Appl. No. 09/082,112
Amdt. Dated: March 24, 2005
Reply to Office action of 01/28/05
Attorney Docket No. MSU 4.1-406

REMARKS

Claim 16 to 25 have been amended to clearly specify that the proteins have been precipitated from the culture medium with acetone as set forth on page 7; paragraph 8 of the specification. In this manner, the mixture of proteins separated are clearly specified. Also the prior art does not show the claimed vaccine which has been produced using the acetone precipitation.

It is now believed that Claims 16 to 25 are in condition for allowance. Notice of Allowance is requested.

Respectfully,

Ian C. McLeod
